## Godly Play College of Training

The Godly Play College of Training offers training and support for every level of involvement with Godly Play. Whether you are simply curious and want to investigate Godly Play as an option for your community or you are ready to become fluent in the “art of Godly Play” or you are an experienced Godly Play practitioner wanting to go deeper, there is a training option for you.

Godly Play is learned from the inside out. The best way to learn about Godly Play is to experience Godly Play. The goal of each type of training is to present Godly Play to adult learners in the same spirit that the language of the Christian people is presented to children. Our Godly Play practice can always be enriched. There is a spiral of learning for the adults to become seasoned and artful mentors. Training is offered at various levels to meet the needs of Godly Play teachers from introductory workshops, to core training, to advanced work in specific aspects of the method. Our Godly Play trainers are available for private consultations to provide support and/or specific training.
