

## APPENDIX G

# Additional Statement and Invitation from Wardens

Dear brothers and sisters in Christ,

Father Z's departure from our church has raised many feelings. We shared some of these feelings when we met with Bishop X and [name of judicatory staff member] on [date]. To provide us with a supportive environment in which to further explore and share these feelings, a meeting has been arranged for [time] on Sunday, [date]. [Name of judicatory staff member] will be with us to facilitate this meeting, along with a colleague, Dr. [name of psychologist]. This team has worked with congregations wrestling with issues of loss and transition of the sort we are facing here at our church. We invite you to come spend time with us if you feel such a gathering would be helpful to you.

In the meantime, if you have any questions or need assistance with any church-related function, please feel free to contact either of us.
